Borabod Daet Camarines Norte | johnronavetria@gmail.com | # 09302680347

SUMMARY

Detail-oriented and results-driven professional with experience in data management, graphic design, and front-end web development. Skilled in Excel (Advance), creating visually engaging designs, and developing user-friendly web interfaces. Committed to delivering high-quality work and continuously improving technical and creative skills.

EXPERIENCE

Graphic Designer Intern

February 2025 - May 2025

Converge ICT Solution Convera Business Management Services

- Designed posters and promotional materials for the company's marketing and communication needs.
- Experience in Photoshop and Canva to create clean and visually appealing designs
- Used simple design techniques like layout, fonts, and spacing to make the content clear and easy to understand.
- Updated and improved existing designs to keep content fresh and relevant.

Data Entry (FREELANCE)

June 2025 - September 2025

Twoconnects

- Cleaned, validated, and standardized raw data to ensure consistency and eliminate duplicates/errors.
- Managed and maintained large datasets using Microsoft Excel (advanced formulas, pivot tables, VLOOKUP/XLOOKUP) and Google Sheets
- Performed high-volume data entry with 99%+ accuracy rate across multiple databases and spreadsheets
- Automated repetitive tasks using Excel functions and basic scripting/macros to improve workflow efficiency

Web Development (FREELANCE)

October 2025 - January 2026

Rhino Squad

- Designed and developed responsive websites using HTML, CSS, and JavaScript.
- Created user-friendly layouts focused on usability and clean design.
- Skilled in wireframing, prototyping, and UI/UX design using Figma.
- Frontend Development.

PROJECTS

PDDMIS System Appointment

Jan - Dec 2025

Capstone Project 1 & 2

- Developed system features for scheduling, record management, and reporting to improve overall workflow efficiency.
- Worked on front-end development by designing and improving the system interface for better usability
- Created visual layouts focused on user experience, making the system easier to navigate and understand
- Ensured the design is clean, organized, and user-friendly for smooth interaction
